

SUMMER 2018

VANPOOLING

Is just the tip of the iceberg.

TIP 2

VANPOOL MAINTENANCE

Keep your van cool by scheduling routine preventative maintenance to prevent breakdowns and overheating during the hot summer months. Contact your Enterprise Client Services Representative at 480-785-4307 with questions: Ray Cervantez, Kieran Noe, or Andrew Stavoe. Other helpful tips include:

- ☀ Check your tire pressure each week.
- ☀ Park your van in the shade if possible.
- ☀ Use a window sunshade in your van.
- ☀ Always carry extra water.
- ☀ Keep a first aid kit in your van.

Keep your cool!
