

# BUSINESS ACCESS SIGNAGE FORM

Hello business representative,

As part of Valley Metro’s business assistance program, we will be listing your business name on “Business Access” signs to direct customers to your business and parking spots. The signs are limited in the number of letters that can be included. The more letters used, the less easily it can be read when driving past. At two inches per letter, the sign can accommodate nine letters, and the letters will shrink down from there.

Please fill out the grid below to let me know how you would like your business to be identified, and return it to me. Brevity is best. Try not to use many more than 14 letters for readability. You can take a photo of this form and text it to me, or you can simply email me the information. If you have any questions, please contact us.
