1. Paratransit Service

Valley Metro, the region's other paratransit providers and staff from member agencies have been working to improve the consistency, effectiveness and efficiency of paratransit and dial-a-ride services throughout the region.

On March 12, Valley Metro staff conducted a workshop with representatives from member agencies to discuss the current state of paratransit services across the Valley.

Staff identified areas where differences between the different paratransit systems exist, and the implications of our current service approach. A presentation will be provided to share some initial recommendations for building a more regionally consistent and financially sustainable paratransit program.

Qualified sign language interpreters are available with 72 hours notice. Materials in alternative formats (large print, audiocassette, or computer diskette) are available upon request.
